Resort Whitsundays

An island paradise in your own home. A fresh palette of whites and greens draw you in and envelope you in the ultimate every day escape. Medium timbers form the basis of this breezy, relaxing look while fresh light linen sofas and chairs complete the picture. Rattan in occasional chairs and outdoor furniture, base cushions in white and a green and white organic patterned cushion all feature strongly. Greenery throughout, with centrepieces of white flowers and green leaves. Touches of crystal clear blue give you reminder of the amazing landscape and white sandy beaches that has inspired this style.
